

# Unnat Bharat Abhiyan, Chandpur

## Indian Institute of Technology Roorkee

### **Tentative action plan (Spring semester'20)**

Date wise tentative action plan for spring sem'20 is as follows. The work will be done on the following initiatives:

#### **1. Extension of Digi school initiative**

The Digi school initiative was done in autumn sem'19. The team has decided to extend this initiative to as many prospects as possible. An inspection will be conducted initially, and then after a complete analysis the feasible ideas which are accepted by the school authority, such as the addition of courses, etc. to meet the competitive demand, will be implemented.

#### **2. Dispensary establishment initiative**

The village lacks a proper medical facility that can provide immediate basic treatment in case of any incident. So the team has decided to help set up a dispensary, aka a mini-hospital which would provide a brief relaxation to the people living there.

#### **3. Village Veteran's Body**

Team UBA came up with an initiative to constitute 'Village Veterans Body.'

The initiative aspires to form a village body of veterans, i.e., villagers having knowledge and expertise in various areas. The created village veteran's body would assist the Team UBA to fulfill its initiatives easily. Under this initiative, the village people were surveyed, shortlisted, and contacted for their inclusion.

#### **4. Work from home in association with SHGs.**

Aiming to increase women's employment in the village, the team has decided to promote small scale businesses in the village. This will be done with the help of SHGs (Self Help Group). Some of these groups are financially active in the village, and further formation of more such groups is aimed.

#### **5. Village Development through government schemes.**

There are various government schemes for the betterment of the village households, but the villagers are not able to avail full benefit because of their improper implementation. Pradhan Mantri Aavas Yojana-Grahmin, Pradhan Mantri Ujjwala Yojana, UJALA Scheme, Pradhan Mantri Mudra Yojana are various such schemes which will be put to use in the village.

#### **6. JNVST preparation**

The team has decided to initiate the JNV initiative to provide better schooling to the students of the village. This will be done with the help of video lectures and a sort of test series which will be conducted for a proper analysis of the students.

#### 7. Health camp

A health camp will also be conducted during this semester.

<b>S.No.</b>	<b>Date</b>	<b>Activity</b>
1.	11-01-2020 (Saturday)	<ul style="list-style-type: none"><li>• Survey and a meetup with the new Pradhan.</li></ul>
